Member Update Announcement

Thank you very much for the kind feedback we received from our update on
Saturday 21st March.

We really appreciate your support at this difficult time.

As you will be aware, the situation surrounding the current crisis is continually
evolving and unfortunately we have been forced to close our office.

We will continue to provide the best service we possibly can remotely,
however in the short term we will be unable to answer your telephone calls.

If you call our office and leave a message, we will get back to you as soon as
we can.

As you will appreciate some members will experience difficulties during this
period and as you would expect, we will need to prioritise them. Please be
patient with us if we are unable to answer your query immediately.

But rest assured we will do our utmost to get to you as quickly as possible.

We would encourage you to keep up to date via our social media channels -
Twitter, Facebook & Instagram.

You can also access your account online 24/7 via our website and app.

To register for online services and account access click here

<https://www.scottishpolicecu.co.uk/login/>.

If you have any issues with registering, please email us to
info@scottishpolicecu.co.uk. We will be in touch as soon as possible to help
with any issues.

George Nedley, CEO
Scottish Police Credit Union
